

# Soonchunhyang University (SU)

Seoul, Republic of South Korea

Soonchunhyang University (SU), originally founded as a medical college in 1978, offers undergraduate degrees from the colleges of humanities, social sciences, natural sciences, engineering and medicine. Graduate programs are also offered. Located on the central west coast of South Korea, about 90 minutes by bus from Seoul, the university is located in a famous resort area. SU was opened in 1974 and the establishment of an educational foundation was authorized in 1978.

The goals of Soonchunhyang University include research and teaching and applications are based on the educational ideals of Soonchunhyang's philosophy of respect for humanity; at the same time, the university aims to develop democratic, committed citizens by means of fostering an independent way of life and enhancing a spirit of cooperation and service.

Eligible Texas A&M University students will be permitted to take courses during Soonchunhyang; fall or spring semesters. The application deadline is November 15 for students going during the spring term and April 15 for students going during the fall term (please check with your advisor for exact dates).
